

# Pacific Coast Youth Cutting News

**Dear PCYCHA,**

I am so glad to say that I will be returning this year as your PCYCHA President! We have an incredible board this year, some really involved parents and some officers that I am really looking forward to working with. We have some really fun ideas that we are tossing around this year, including a scavenger hunt and a possible relay race with the trainers. This year, we're hoping to have some smaller activities throughout the year along with a few larger ones, so keep in contact with me or anyone in the board if you're curious as to when our next activity/fundraiser is. Our annual Youth Auction is coming up soon so make sure to be getting donation items; talk to local businesses, anything of any size is appreciated! We are hoping to have a really strong year, look for more information coming your way and feel free to contact my e-mail or cell at any time with any questions or comments you might have. I'm looking forward to seeing you all down the road!

*Sincerely,  
Megan Madgwick*
